Mega Food Parks Scheme (MFPS)

Seeking Proposals / Expression of Interest (EoI) for establishment of Mega Food Parks

Ministry of Food Processing Industries (MoFPI) has launched a Scheme for setting up of Mega Food Parks in the country during 11th Five Year Plan, with the objective of providing adequate infrastructure for food processing industry along the value chain from the farm to the market, that will enable fresh investments into the food processing sector, increased realization for farmers and employment generation.

Each of the Mega Food Parks will have a Central Processing Centre (CPC) where food processing units would be established supported by common infrastructure and farm level facilities in the form of collection centres and primary processing centres and other need based infrastructure. The Mega Food Parks are proposed to be set up in high potential zones where requisite volumes of raw material (fruits and vegetables etc.) are available.

A project specific Special Purpose Vehicle (SPV), a registered company, promoted by a group of stakeholders related to food processing industry including Financial Institutions/Banks, retailers, processors, producers and others, will be responsible for establishment, ownership, operation and maintenance of each of the Mega Food Parks. Such SPV will be eligible to receive one time capital grant support from the government, to the extent of 50% of the project cost, excluding the land component, in general areas and 75% in difficult areas with a maximum of Rs. 50.00 crores per park.
